Platforms	VS Code, IntelliJ IDEA, PhpStorm
Soft skills	Rapport building, Communication, Collaboration

WORK EXPERIENCE

Lead Developer *(Oct 2023 – Present)*   TheLocalPro, United Kingdom
- Led the development of "LocalPro," a web platform on Nuxt and Laravel for local service providers to connect with customers.
- I collaborated in implementing Laravel and SQL to develop a scalable backend system, facilitating seamless data management and user authentication.
- I aided in resolving performance issues by optimizing Nuxt components and SQL queries, resulting in a 25% improvement in app responsiveness.
- Improved the SEO efficiency of the system and had a 10% increased web crawler readability.

Full Stack Developer *(Jan 2023 – Sept 2023)*   Big Brainz Solutions, Eldoret
- I developed "DigiGrade," a mobile-based app, in Flutter, for teachers in schools to grade and mark their students' exams and track their daily routines.
- Integrated WordPress for content management and SEO optimization, improving the visibility of client websites and driving organic traffic.
- Implemented Git version control to manage project codebase efficiently and collaborate with remote teams effectively.

Junior Web Developer *(Jan 2020 - Dec 2022)*   Colorbyte, Nairobi
- I designed and developed "ColorByte Portfolio," a responsive portfolio website showcasing client projects using VueJS and Figma for UI/UX design.
- Utilized Adobe Suite tools to create visually appealing graphics and multimedia content, enhancing user engagement and brand identity.
- Improved website performance by optimizing image sizes and implementing lazy loading techniques, resulting in a 20% reduction in page load time.
- Handled and managed the social media accounts maintaining the online presence and interaction with the potential clients for growth and credibility.

Data Clerk (*Jan 2020 - July 2020*)   Crested Crane, UEA Baraton
- Assisted in admission, organizing, and storing of new student data in the system and data books.
- I collaborated with external auditors in counter-checking students' data ensuring every record aligns and matches the standard set.
- Generation of reports on enrolment trends, and co-curriculum performances for management's decision-making and tracking.
- I conducted regular auditing and accuracy of the stored maintaining the confidentiality and security regulations of FERPA & GDPR.

Graphics Designer (*Oct 2018 - Jul 2020*)   Crested Crane, UEA Baraton
- Designed promotional materials for the "Crested Crane Events" including flyers, banners, and social media graphics, using Adobe Suite.
- Managed social media platforms to increase brand awareness and engagement, resulting in a 40% growth in followers and event attendance.
- Photographed "UEA Baraton Annual Sports Day" and "Cultural Week" events, creating visual content for university publications and social media.

Assistant IT Support Officer (*Jan 2018 - Aug 2022*)   IT Support, UEA Baraton
- Provided IT support services, including network troubleshooting, computer repairs, and software installations for university staff and students.
- Assisted in the implementation of the "UEA Baraton Campus Wi-Fi Upgrade Project," ensuring seamless connectivity and access for all users.
- Conducted hardware and software maintenance tasks to minimize downtime and enhance system reliability.

EDUCATION

Bachelor of Science - Software Engineering (*Sep 2016 - Aug 2020*) UEA Baraton, Eldoret

Associate of Arts - Graphic Design (*Apr 2018 - Sep 2018*) ICS College, Nairobi
